Resolution 2009-01

A Resolution to amend the monthly service rate structure and the rates charged for sewer service provided by the District to all customers

Whereas, the costs of production and delivery of municipal sewer services and the costs of operation and maintenance of the municipal sewer system have increased dramatically since the last rate amendment and with increasing regulatory compliance requirements; and

Whereas, the current sewer rates charged by the District do not cover the District's expenses to operate the District's sewer system; and

Whereas, during the calendar year 2009, the Board's appointed Sewer Rate Study Committee, met to study and review the current sewer rate formulation and its monthly rate, and did report to the Board its recommended amendments to the monthly rates, which recommendations were then accepted by this Board; and

Whereas, the District's Board of Trustees held a public hearing regarding increasing the sewer flat rate on May 21, 2009, at the conclusion of the public hearing the Board selected the following rate.

NOW, THEREFORE, BE IT RESOLVED, by the Indian Hills General Improvement District Board of Trustees that the sewer rates recommended by the Sewer Rate Study Committee are herewith adopted, and beginning with the effective date, to wit: the sewer service monthly rate structure is changed to \$28.69 per month for residential customers. Commercial establishments which discharge a residential-equivalent standard wastewater quality will be charged a flat rate of \$28.69 per EDU per month of sewer service provided.

BE IT FURTHER RESOLVED that the effectiveness date of this amended structure and rate shall be June 1, 2009 with the first billing to customers based on this new formulation being those bills sent out after July 1, 2009.

Dated: This 21st day of May, 2009.
